Introduction from the Show Management Team.

I would like to welcome you to the South Tyneside Aquatic Marine & Pondkeeper Society (S.T.A.M.P.S) Open Show & Auction.

First let me tell you a little about our society. South Tyneside Aquatic Marine & Pondkeeper Society started life in 2006, with a few members from the old Caer Urfa society. One of our big aims is to donate money to 2 or 3 charities each year, some of these have been, North East Air Ambulance, Asthma UK, Sarahs Hope, Heartcall & many more over the years.

We meet the 2nd Tuesday of every month at the Charles Young Centre, if you are interested in joining us please come along on one of these nights or send us a message on our S.T.A.M.P.S Facebook page, you could even call Bede on 0191 422 3919 for more info and to check our meeting is on. Junior members are very welcome and even encouraged to join us to keep this hobby alive in future years.

This show will be run to FBAS rules & standards in conjunction with our auction. We are hoping, with your support, to make this show the biggest in the North East, and one of the biggest in the country. With the backing of our sponsors & the FBAS we are sure you will have a fantastic day whether you're exhibiting fish or just checking out the auction

After the event we would love to hear your feedback to help us improve for future shows. You can do this in two ways, message us via our S.T.A.M.P.S Facebook page or speak to a member on the day.

Special thank you to all of our sponsors, the FBAS and to every single person involved in the success of the day.

If any companies are interested in sponsoring our events in 2020 please get in touch with us, you don't have to be aquatic related to support the hobby.

Thank you for joining us for the STAMPS Open Show and hope you enjoy your day with us.

Albert King & Anthony King
STAMPS Show Management Team

FLUVAL EDGE

ADD DESIGN TO YOUR LIFESTYLE

Fluval EDGE brings an exciting new look to aquatics, combining the most modern aquarium design with the beauty of nature. The result is an utterly stylish complement to any home or office space.

360° Viewing
Glass top for spectacular views from all angles and less evaporation for reduced maintenance

Clear Healthy Water
Easy to use cascading flow filter with 3 stage filtration for a healthy, oxygenated environment

Clean Lines
The filter and retractable lighting modules are hidden from view for a clean, modern look
