

SOCIETY PACKS

Through its good relationship with the Aquatic Trade, the Federation of British Aquatic Societies is able to provide excellent support for its member Societies.

Due to circumstances beyond the Federation's control, the exact quantity of support has never been completely predictable and distribution to Societies has often been unfortunately curtailed.

We can only supply 'Society Packs' to every Member Society subject to availability from the Aquatic Trade.

Note that these Society Packs are distributed with some attendant conditions which are outlined below.

Failure to observe these conditions will incur forfeiture of future provision to the Society concerned, and may also adversely affect the Aquatic Trade's attitude towards further supplies.

TERMS AND CONDITIONS

Only one Society Pack Application per Society in the year.

For Societies having an Open Show

The contents of the Society Pack must only be distributed between all exhibitors. The 'Goodie Bag' format is preferred, as this rewards support for the event in general, rather than just Class winners. Most superstores will provide 20-30 carrier bags for this purpose.

Separate materials (e.g. Trade products, FBAS Championship Class Trophies etc) will be provided within the Society Pack for awards to winners of Best in Show, Championship Trophy and other specifically-sponsored Classes where applicable.

Acknowledgement should be shown in the Show Schedule.

For Societies not having an Open Show

The contents of the Society Pack may be used as the Society deems necessary – Table Show Awards, Raffle prizes or as other rewards.

Under no circumstances may Society Pack material form part of any Auction or sold for gain.

For your Society Pack, apply to:
